

# Program Supply List

Free and Accessible Mental Health for All

September  
2022 - May  
2023

## Our Mission

We're bringing awareness to mental health challenges of underserved communities, while increasing social and emotional wellbeing of students ages 12-22 using the expressive arts and Christian principles.

## Our Vision

We see a world where all youth, despite their socioeconomic status, is living up to the highest level of wellbeing and greatest development of themselves.

## Our Partnerships

We partner with parents, teachers, and students from Title I Schools to increase social emotional awareness through the arts. Our supply list consists of needs for our program delivery as well as a collection of needs from teachers and parents to create a conducive environment for their students involved in the program.
